Equipment Overview:

- * Hammer Strength Heavy Duty Power Racks
- * Hammer Strength Plate Loaded

Facility Bio: Lincoln High School is part of the San Diego Unified School District. It serves approximately 2700 students in grades 9-12 in the American K-12 education system.

Lincoln High School is renowned for having tremendous athletic programs as well as a strong focus on academics. Some of their student-athletes have been top college athletes who went on to excel in the professional levels. The choice to use premium Hammer Strength came mostly from the school Principal and a fitness consultant. The facility is brand new to the school and features high-end Hammer Strength Heavy Duty Power Racks and Plated Loaded equipment.
