Facility Bio: The small town of Meeker and county of Eastern Rio Blanco needed a place where family, friends, and neighbors could get together. The solution was to develop a 25,000 square foot center featuring a family aquatics area with a 4-lane lap pool, a whirlpool, and a leisure pool with splash toys, a water slide, zero-depth entry, and a lazy river. Along with the Life Fitness cardio and strength training room, there is a studio for dance and fitness classes, a classroom for enrichment programs, a childcare room, locker rooms and a lounge.
