Company Bio: Oceanside High School is a California Distinguished school located in Oceanside, CA. Oceanside has an excellent athletic program which takes pride in producing college and professional athletes. The Oceanside HS football program particularly stands out as they have won numerous CIF titles.

Facility Bio: The Oceanside High School weight room is used by students and student athletes. The coaching staff was very instrumental on choosing their weight room /PE equipment and the brand they trusted. Typically, all of the students in a PE class or the entire football team can get through their training programs with ease due to the large space. The weight room has six Hammer Strength Combo Racks with separate platforms. It also features Life Fitness Pro2SE selectorized and Cable Motion equipment.
